Security Certificate

We hereby certify that

medavis GmbH
Bannwaldallee 60
76185 Karlsruhe

successfully passed the penetrationtest of the application Teleradiology (RIS2RIS and Web2RIS) on 2023-01-18.

No critical, security relevant vulnerabilities were identified according to the requirements of the internationally recognized security standards of the payment card industry (PCI-DSS). The detailed results of the test object concerned can be found in report 1.

The certificate issued applies to the test objects considered and confirms the circumstances given at the time of the security check. We recommend repeating the check after one year or subsequent to relevant changes.

As an accredited assessor, usd AG advises and certifies companies worldwide according to the specifications of the credit card industry. The experts at usd HeroLab identify vulnerabilities in IT systems and applications. usd security consultants advise companies holistically on questions of information security, risk management, and IT compliance. The CST Academy promotes exchange and knowledge transfer.
